

## FOOD ESTABLISHMENT INSPECTION SCORES

Sachse contracts with Dallas County Health Services Department to conduct periodic inspections of food establishments located within Sachse's city limits. The scoring system is based upon 100 weighted points that summarize all the health and sanitation regulations from food protection to conditions of the physical facilities. The score is obtained by subtracting the sum of the weighted points assigned to each category where a violation has been found from the total of 100 points.

### SCORING RANGE & REQUIRED ACTIONS:

100 - 90	Very good
89 - 80	Good - regular 6 month inspection
79 - 70	Pass
69 - 60	Failing - require follow-up inspection
59 - below	Unacceptable - closure - requires reinspection before re-open

From April 2009 to September 2009
