

City of Sachse Adopt-a-Spot Program Terms and Adoption Agreement

The City of Sachse Adopt-a-Spot Program gives civic minded individuals, neighborhood groups, civic organizations, and local businesses the opportunity to participate in creating a cleaner more beautiful community and to play an active and ongoing role in greening and maintaining our neighborhoods, streets, and parks. Adopt-A-Spot participants can adopt a corner, street, playground, park or any small area and make a commitment to regularly clean and beautify the area. Beautifying a spot can include regularly picking up trash, removing non-native plants, planting native plants, or planting a flower bed. To qualify as an Adopt-A-Spot, the area must be in need of improvement and may not be private property. An Adopt-a-Spot project can include many different types of activities. It may be as simple as picking up stray litter in your local park once a month, or it may be a longer-term project such as weeding, planting, and maintaining a specific area. The Adopt-a-Spot program can accommodate an array of volunteer interests and goals.

Definitions:

Project – From here on in this document the term “Project” will be used to mean any volunteer work performed at an adopted park/spot that may include but is not limited to: trash pick up, weeding, pruning, and planting.

ADOPT-A-SPOT PROGRAM GUIDELINES

To help ensure your organization enjoys a stress-free project and to measure the success of the Adopt-A-Spot Program, the City of Sachse Parks and Recreation department has developed the guidelines below. **Please pay special attention to the reporting guidelines** as they are the only means for us to track your group's participation (your projects are credited and recorded in your file) as well as the progress of the Adopt-A-Spot Program as a whole.

- Within your organization, **identify the Adopt-A-Spot point person.**
- Within your organization, make a schedule of your projects; **establish the date, time, and number of volunteers for your projects.** Be sure to conduct a cleanup or maintenance day of the adopted area 3-4 times per year.
- The point person then contacts the Parks and Recreation Department at 469-429-0275, **to report the project information/ideas and schedule at least one (1) week prior to the start of the project for approval.** **Larger projects, such as major planting projects, etc., may require more notice for the approval process.**
- Prior to the scheduled project, the point person should **distribute and review the Project Safety Guidelines** and **have each volunteer sign the Hold Harmless Release Form.**
- During your project, the point person should ensure that all volunteers **follow the Project Safety Guidelines** while proceeding to collect all loose litter, debris, and unsightly items.
- Once your organization's project is complete, **place any collected material** in a nearby trash can, or if it is full, beside it and immediately call in the location and number of bags (469-429-0275).
- Following your project, your group's point person is responsible for calling or e-mailing the Parks and Recreation Department to **report the project date, the number of participating volunteers, the number of hours worked, the number of trash bags filled (if any)** during the project and to **return the Hold Harmless Release forms** via fax (469-429-0274), in person, or mail (5560 Hwy. 78, Sachse, TX 75048) to the attention of the Sachse Parks and Recreation Department **within 1 week** of the project completion.
- **The Adopt-A-Spot point person should be sure to:**
 - Provide adult supervision for volunteers 14 to 18 years of age.
 - Make available water to participants, have a first aid kit and a cell phone in case of an emergency.
 - Call the Sachse Parks and Recreation Office (469-429-0275) when your point person/information changes.
 - Work Harmoniously with City staff, citizens, and other volunteers.

Remember to give your volunteers positive feedback and recognition within your organization to help increase participation for the next project!

ADOPT-A-SPOT PROGRAM PROJECT SAFETY GUIDELINES

Below is a list of suggestions from the Sachse Parks and Recreation Department to help make your project experience a safe one!

DO:

- **Wear gloves and thick-soled, closed-toe shoes.**
- **Wear long pants and long-sleeved shirts.**
- **Wear sunscreen and bug repellent.**
- **Dress appropriately for the weather.**
- **Drink plenty of fluids in extreme temperatures.**
- **Be aware of your surroundings and the potential hazards associated with them (e.g., passing cars, hazardous tree branches, poison ivy, etc.)**
- **Use the “buddy system”--work in teams of two or three to maximize safety.**
- **Keep pre-moistened towelettes on hand.**
- **Wash hands with antibacterial soap after the project, especially when dealing with trash pick up.**
- **Know emergency procedures, such as the location of the nearest emergency facility and how to quickly summon an ambulance or the police.**

DON'T:

- **Pick up hazardous materials such as hypodermic needles, sharp objects, old car batteries, animal carcasses or other unidentified, questionable objects.**
- **Overstuff trash bags.**
- **Attempt to move large objects. Report this information to the Sachse Parks and Recreation Department (469-429-0275), for pickup by a Parks crew.**
- **Conduct projects during extremely inclement weather.**
- **Conduct projects near or around construction sites.**

VOLUNTEERS IN CITY GOVERNMENT PROGRAM

I. ELIGIBILITY
